Each of us is a Divine and Eternal Being. No matter where you currently are on your path, this Activation is immensely beneficial in helping you step out of your own way to live from that Foundation.

Having trained and studied at the *Modern Mystery School* for 12 years, Charlie began to provide the *Life (DNA) Activation* for others in 2002.

This Activation is:

- A Sacred and powerful energetic process that gives you greater access to your innate wisdom.
- A one time process.
- A activation of empowerment that has existed for thousands of years and can have a profound effect on people's lives.
- A Gift that gives you more of what makes you 'you,' and strengthens that Foundation - cultivating a feeling of being "more at home in your own skin."

Charlie will be providing an introduction to this Activation on October 28th and teach some meditation techniques and helpful suggestions to help us step out of our own way, allowing "Meditation to flow within us." The opportunity to receive this Activation will be on Saturday, March 12th. Participants can register for an Activation session at this introduction and mediation class or by contacting Charlie. Attending this introduction and mediation class is not required to have a Activation session on the 12th. This introduction class will go more deeply into the benefits and practice of Life (DNA) Activation.

Class cost is \$20. To Register for the Life (DNA) Activation Introduction and Mediation Class go to:
